Answer: B,D,E ([LEAVE A REPLY](#))

In SAP S/4HANA Asset Management, when a maintenance technician sets an order to Technically Completed (TECO), it indicates that the physical work is finished, triggering several automatic administrative cleanup actions:

B). Material Reservations: Any materials that were reserved for the order but not used are released, making them available for other maintenance tasks or production needs.

D). Incoming Invoices: The system remains open for financial postings such as incoming invoices for external services or materials, ensuring that all actual costs can still be recorded against the order.

E). Purchase Requisitions: Any outstanding purchase requisitions associated with the order that have not yet been converted into purchase orders are automatically flagged for deletion to prevent unnecessary future procurement.
